

**I don't do this
work because I
love the stage.**

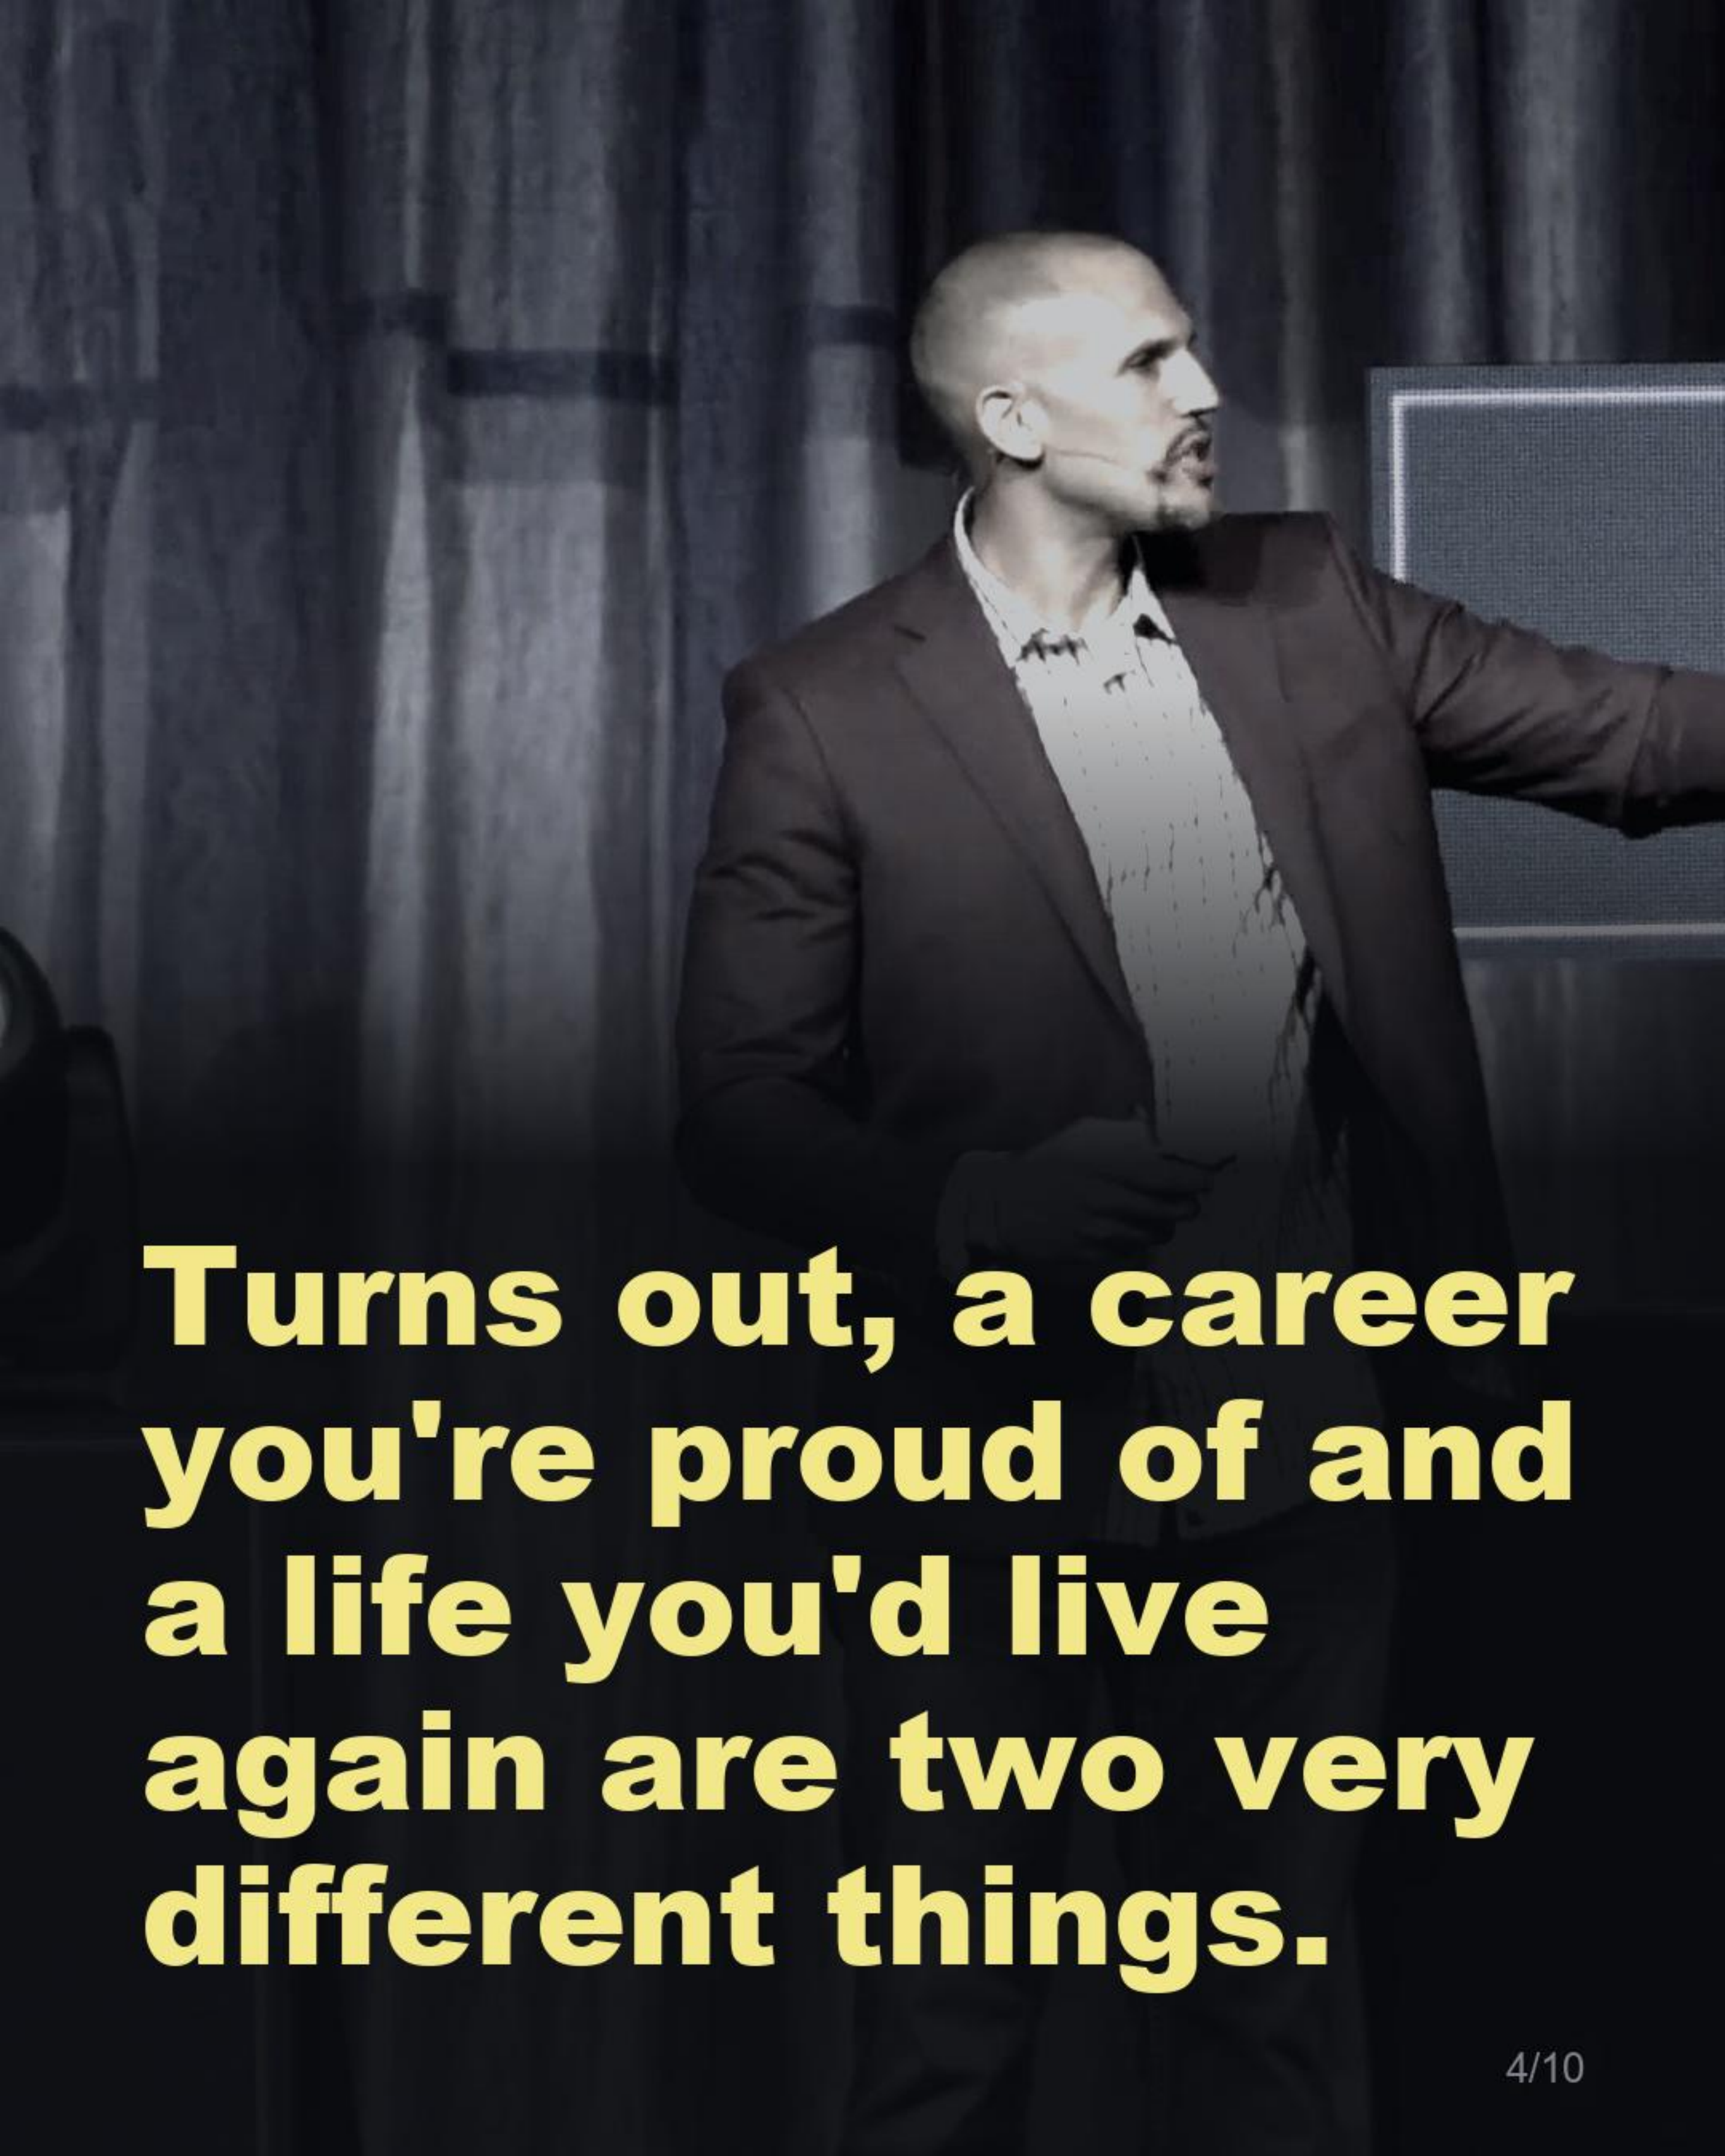

I thought I'd get to the life part later. Turns out, later is a decision you make every day without noticing.

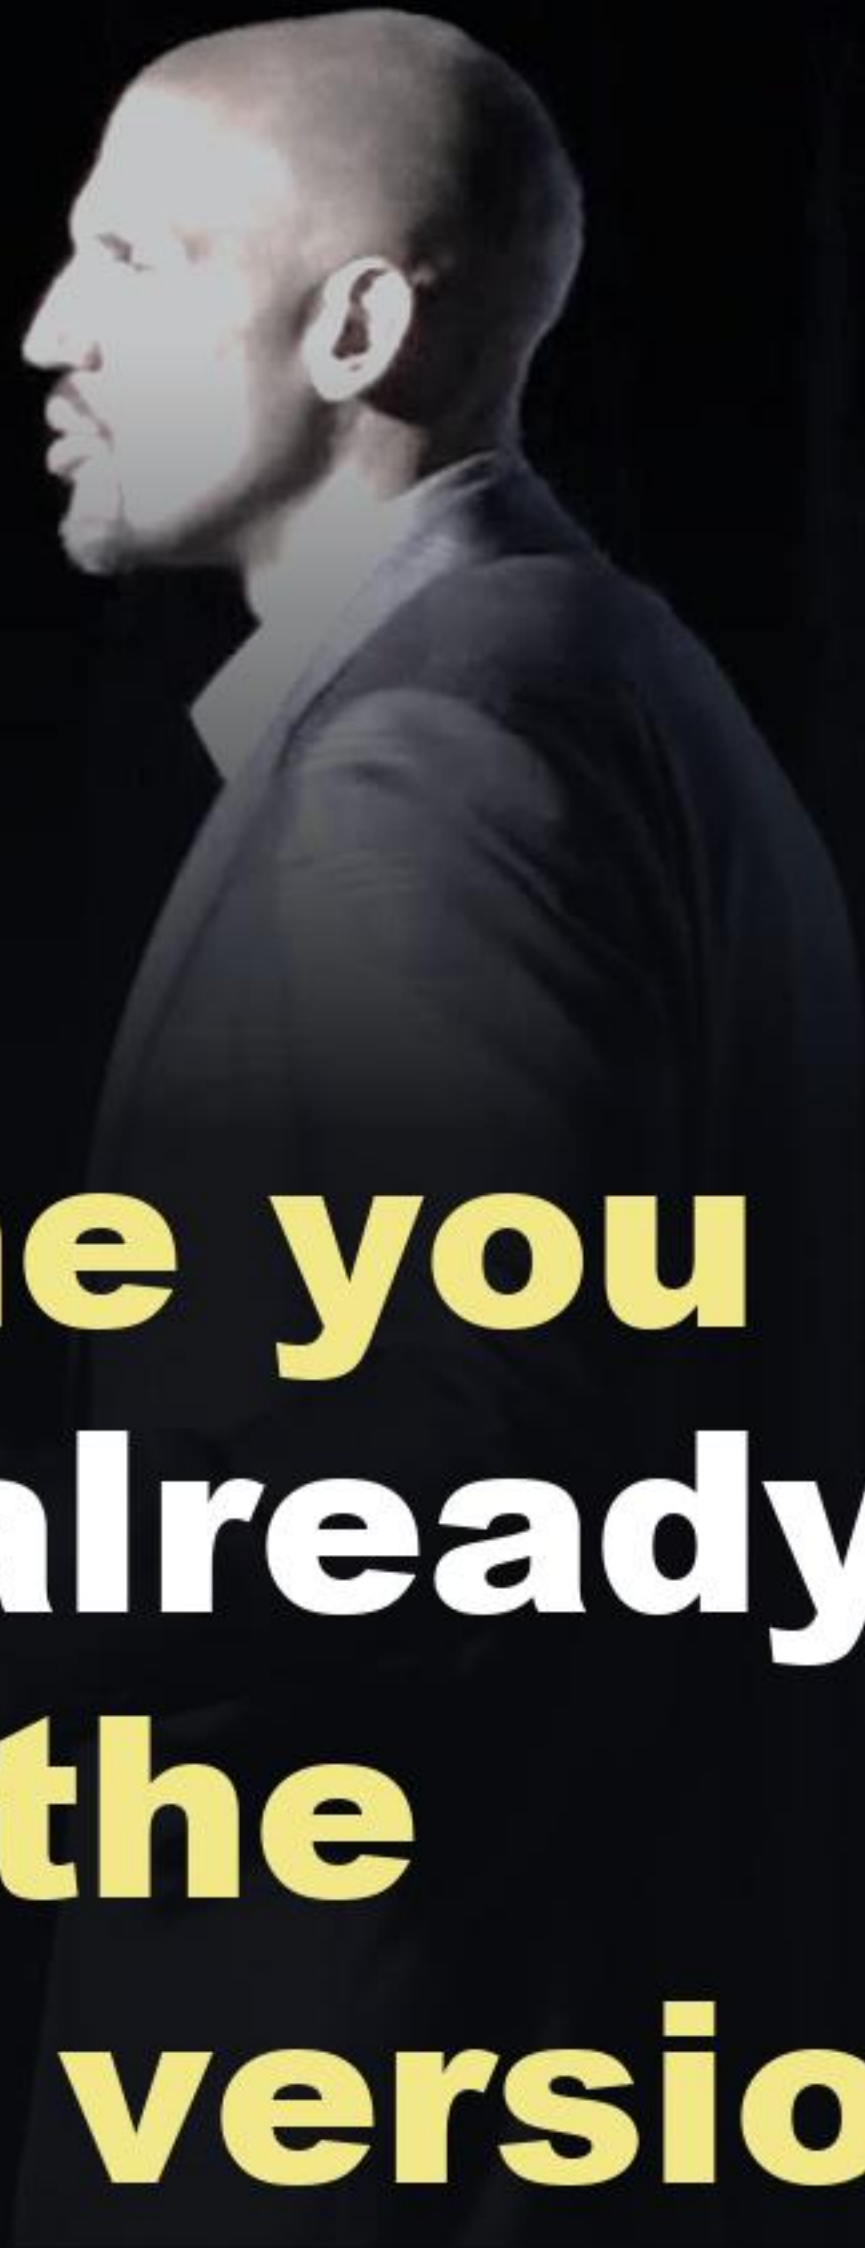

**I do it because
nothing scares
me more than
unintentional
living.**

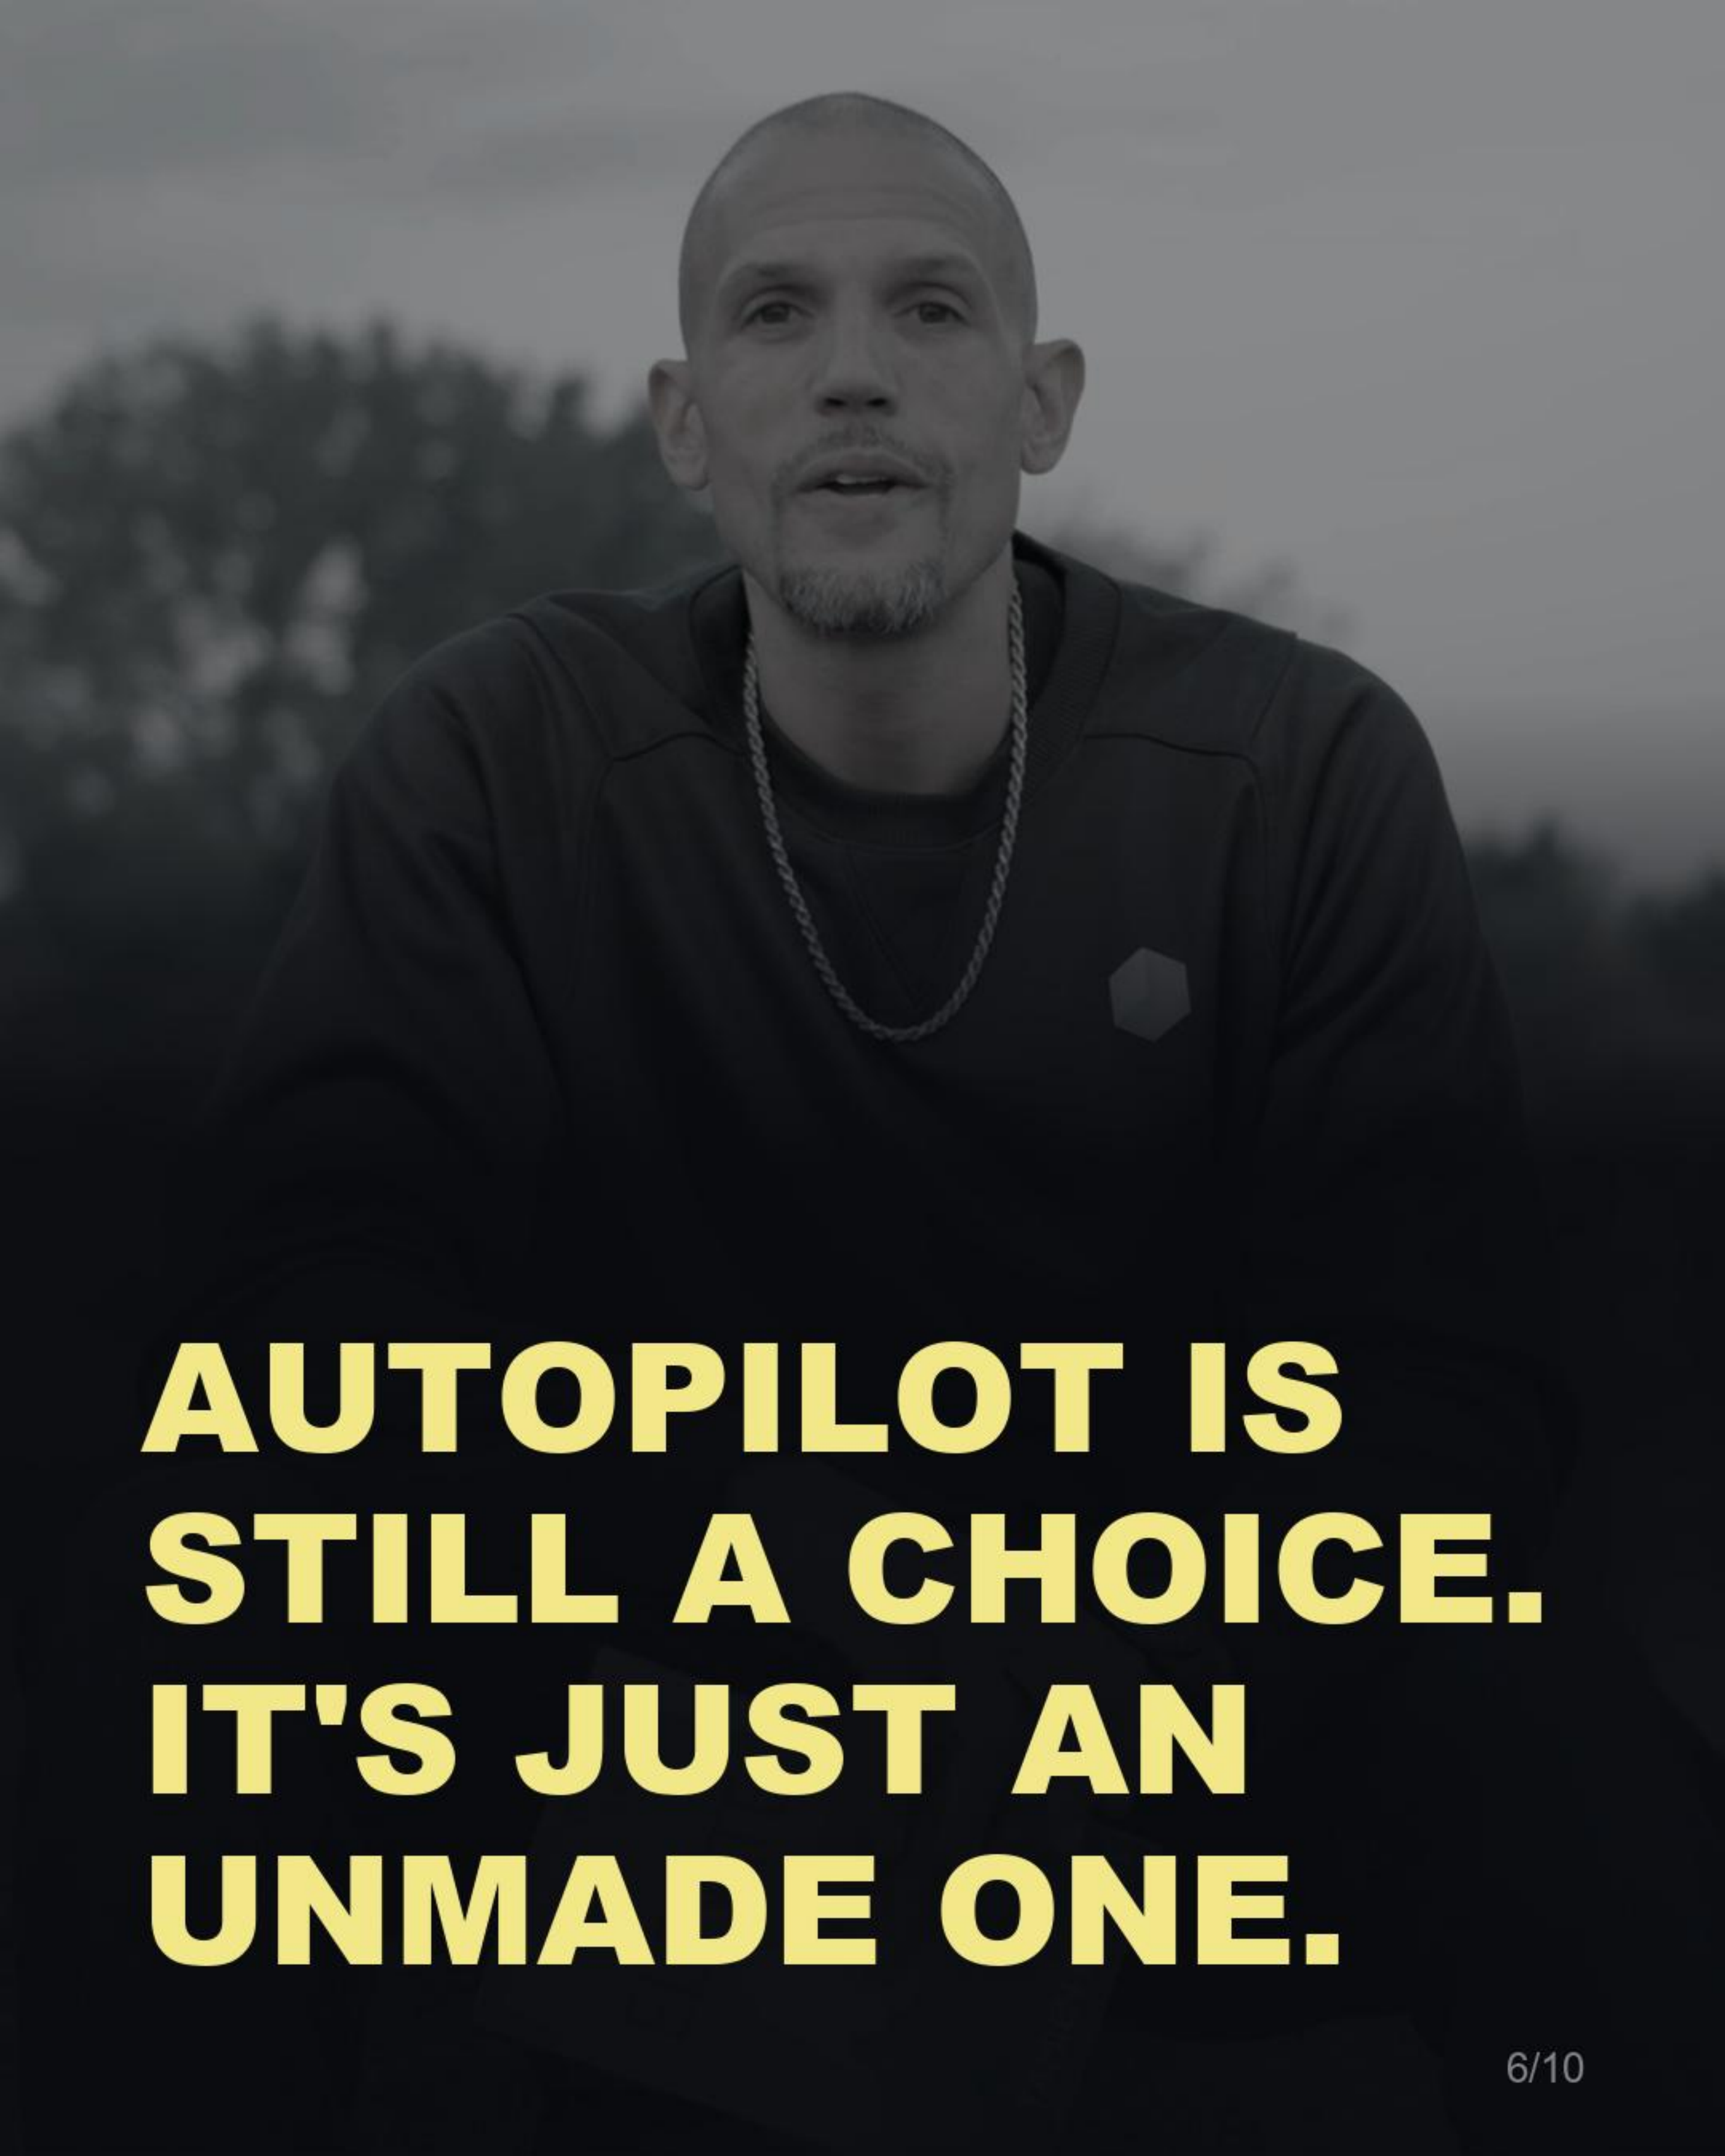

**I thought I'd get
to the **life** part
later...**

A man with a shaved head and a goatee, wearing a dark suit jacket over a light-colored patterned shirt, is standing and pointing his right arm towards a screen on the right side of the frame. He is looking in the same direction as his arm. The background consists of dark, textured curtains. The overall lighting is dim, with a spotlight effect on the man.

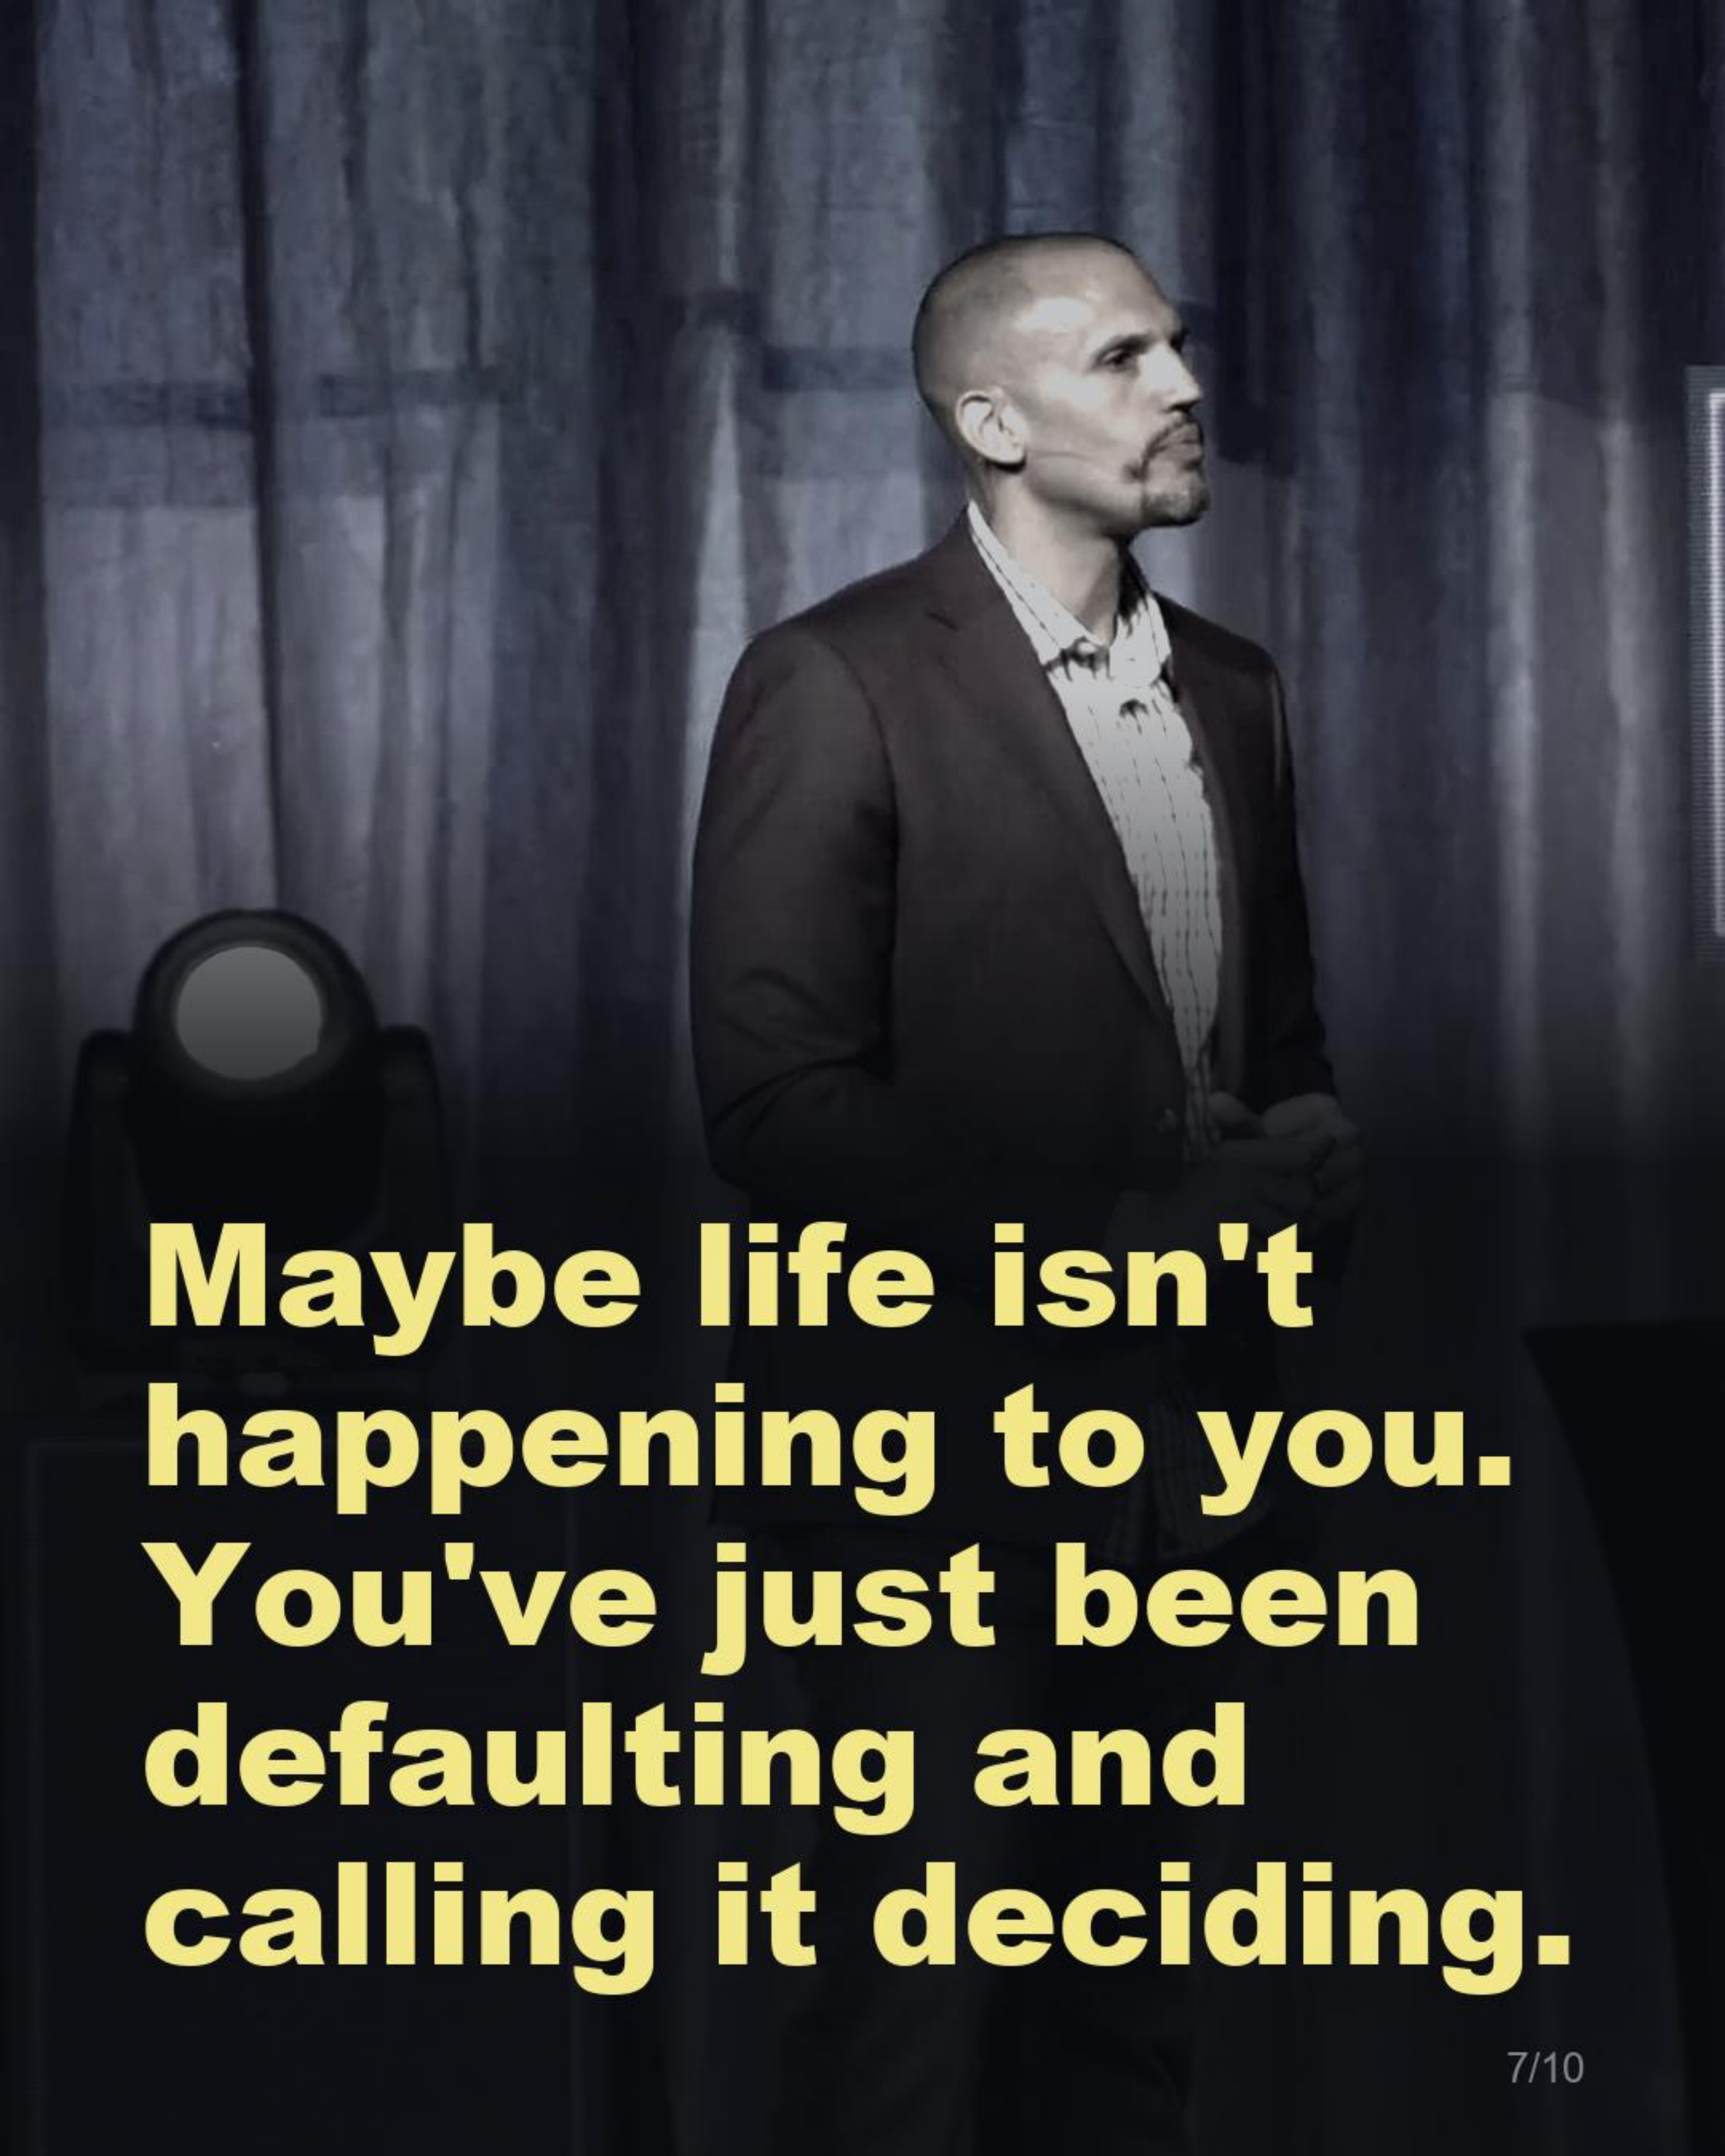

**Turns out, a career
you're proud of and
a life you'd live
again are two very
different things.**

**Someone you
love is already
getting the
leftover version
of your week.**

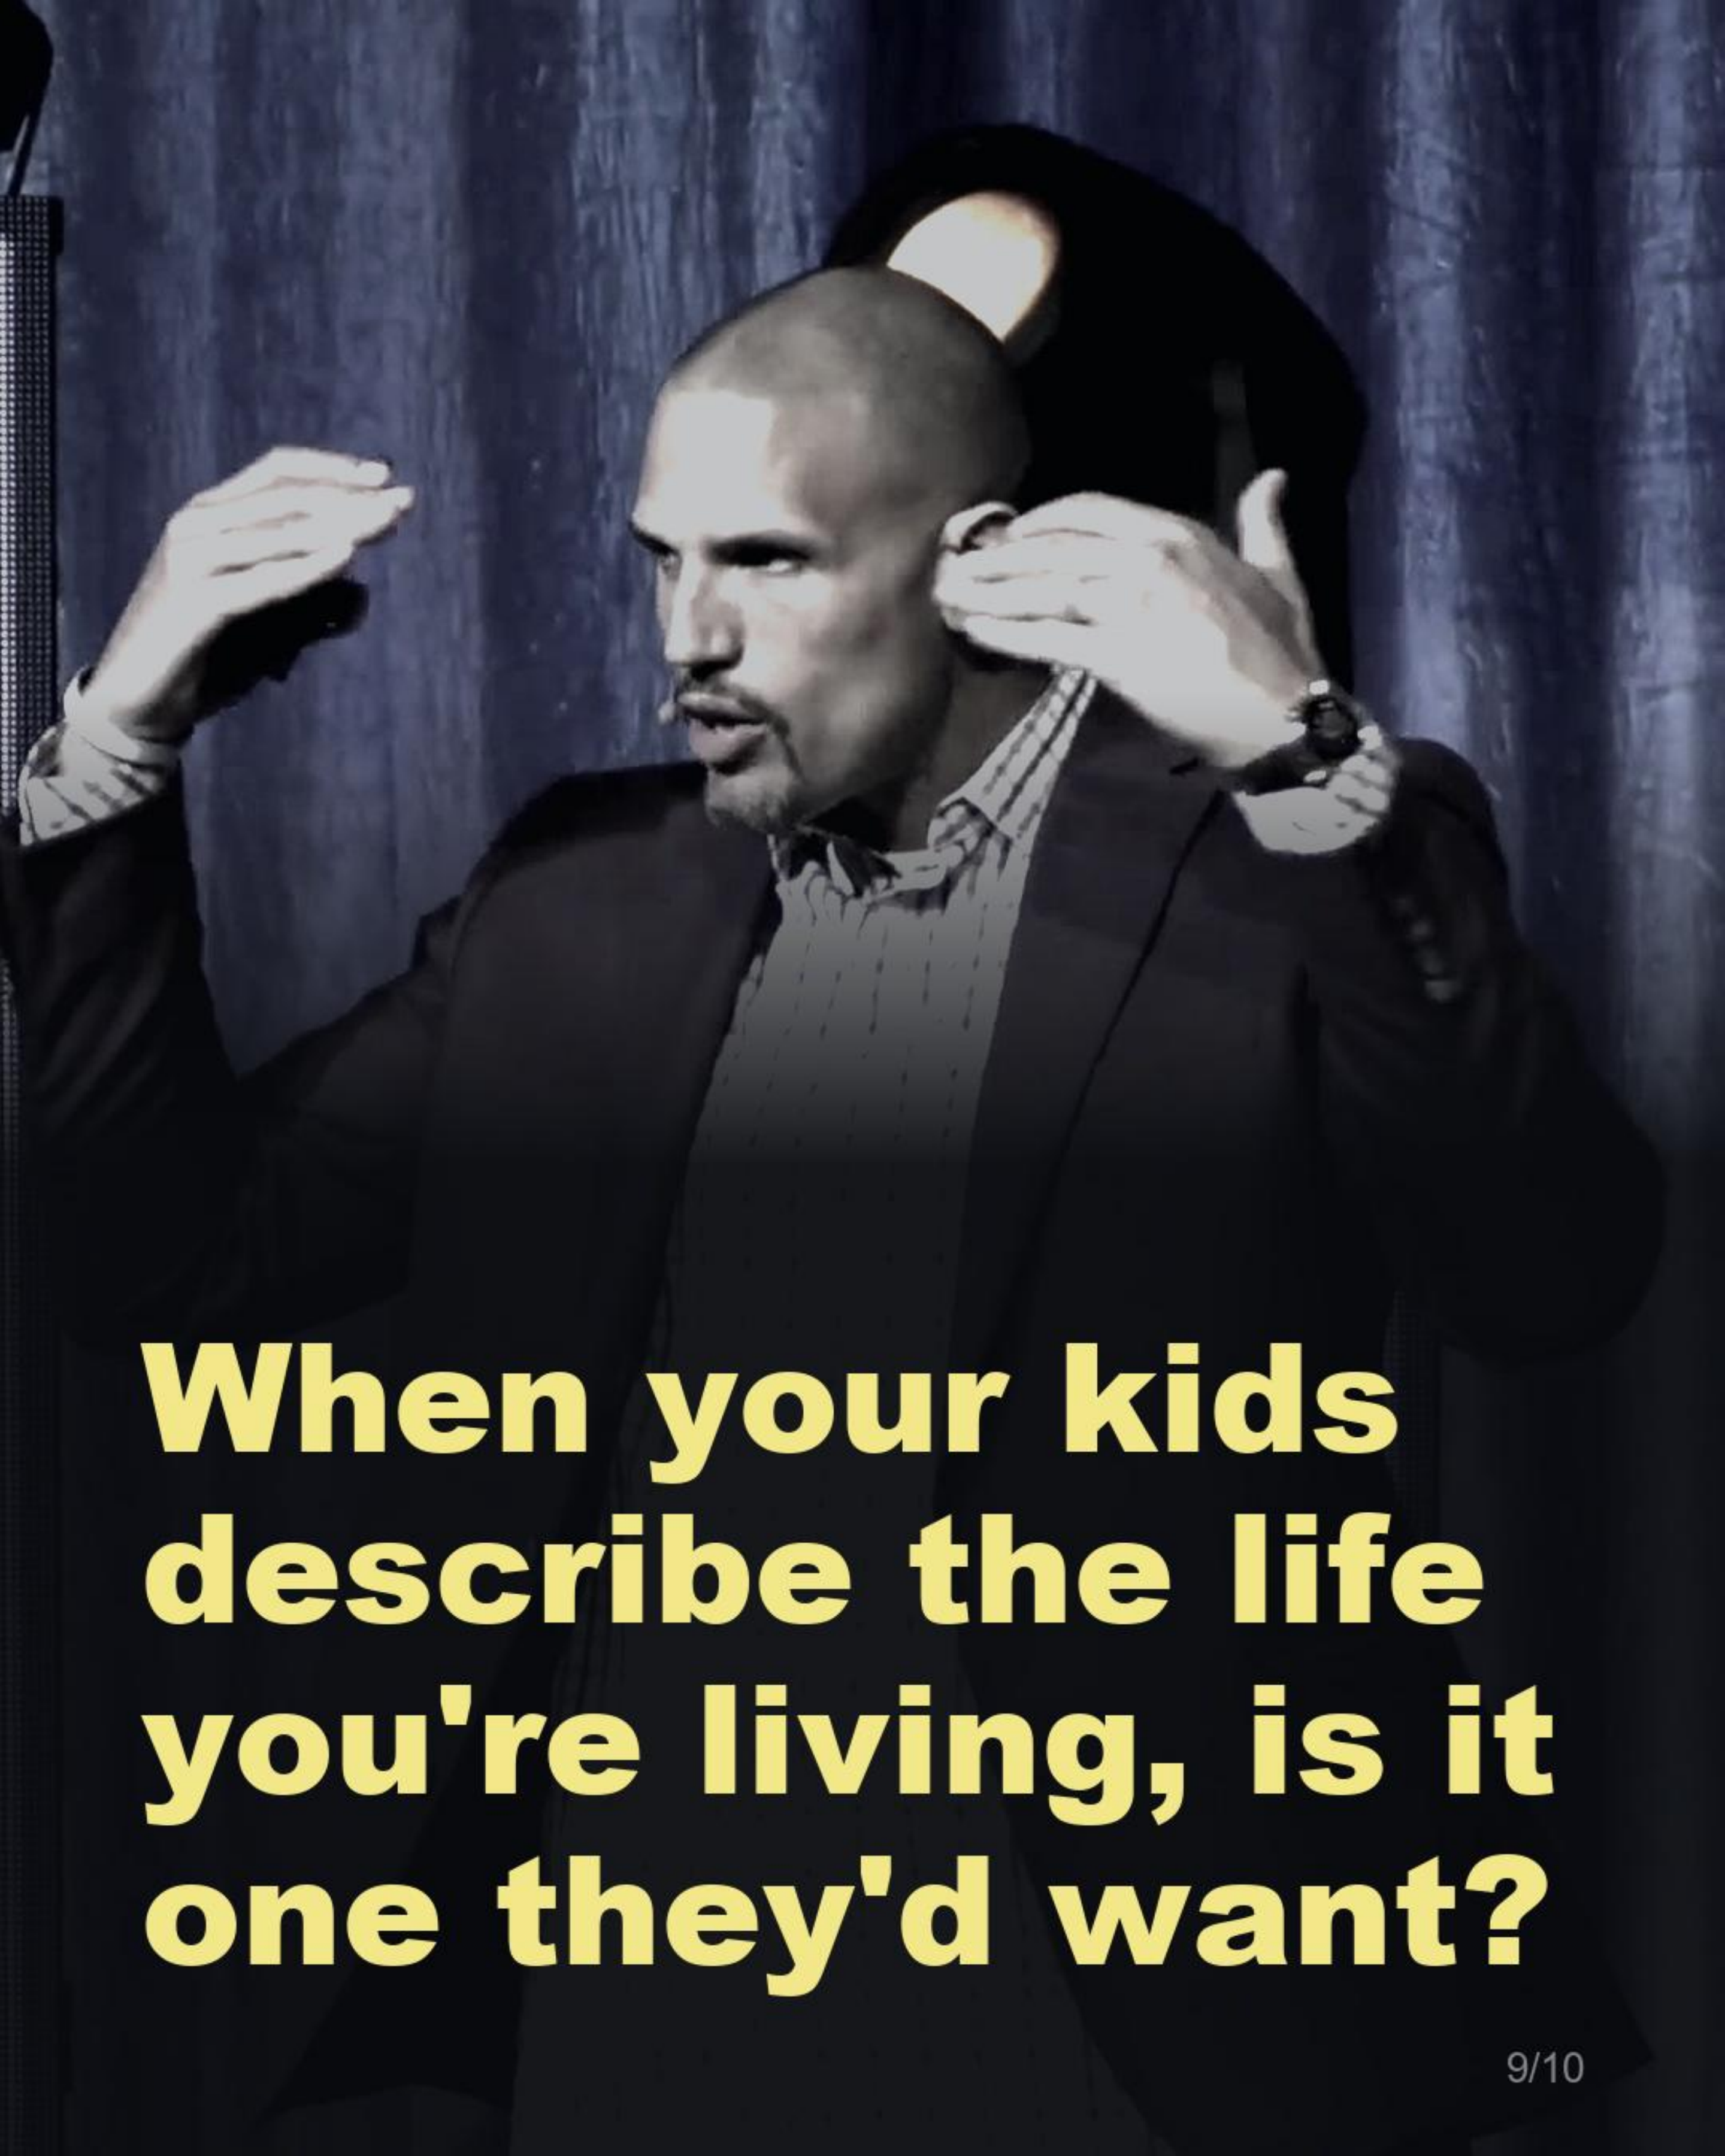

**AUTOPILOT IS
STILL A CHOICE.
IT'S JUST AN
UNMADE ONE.**

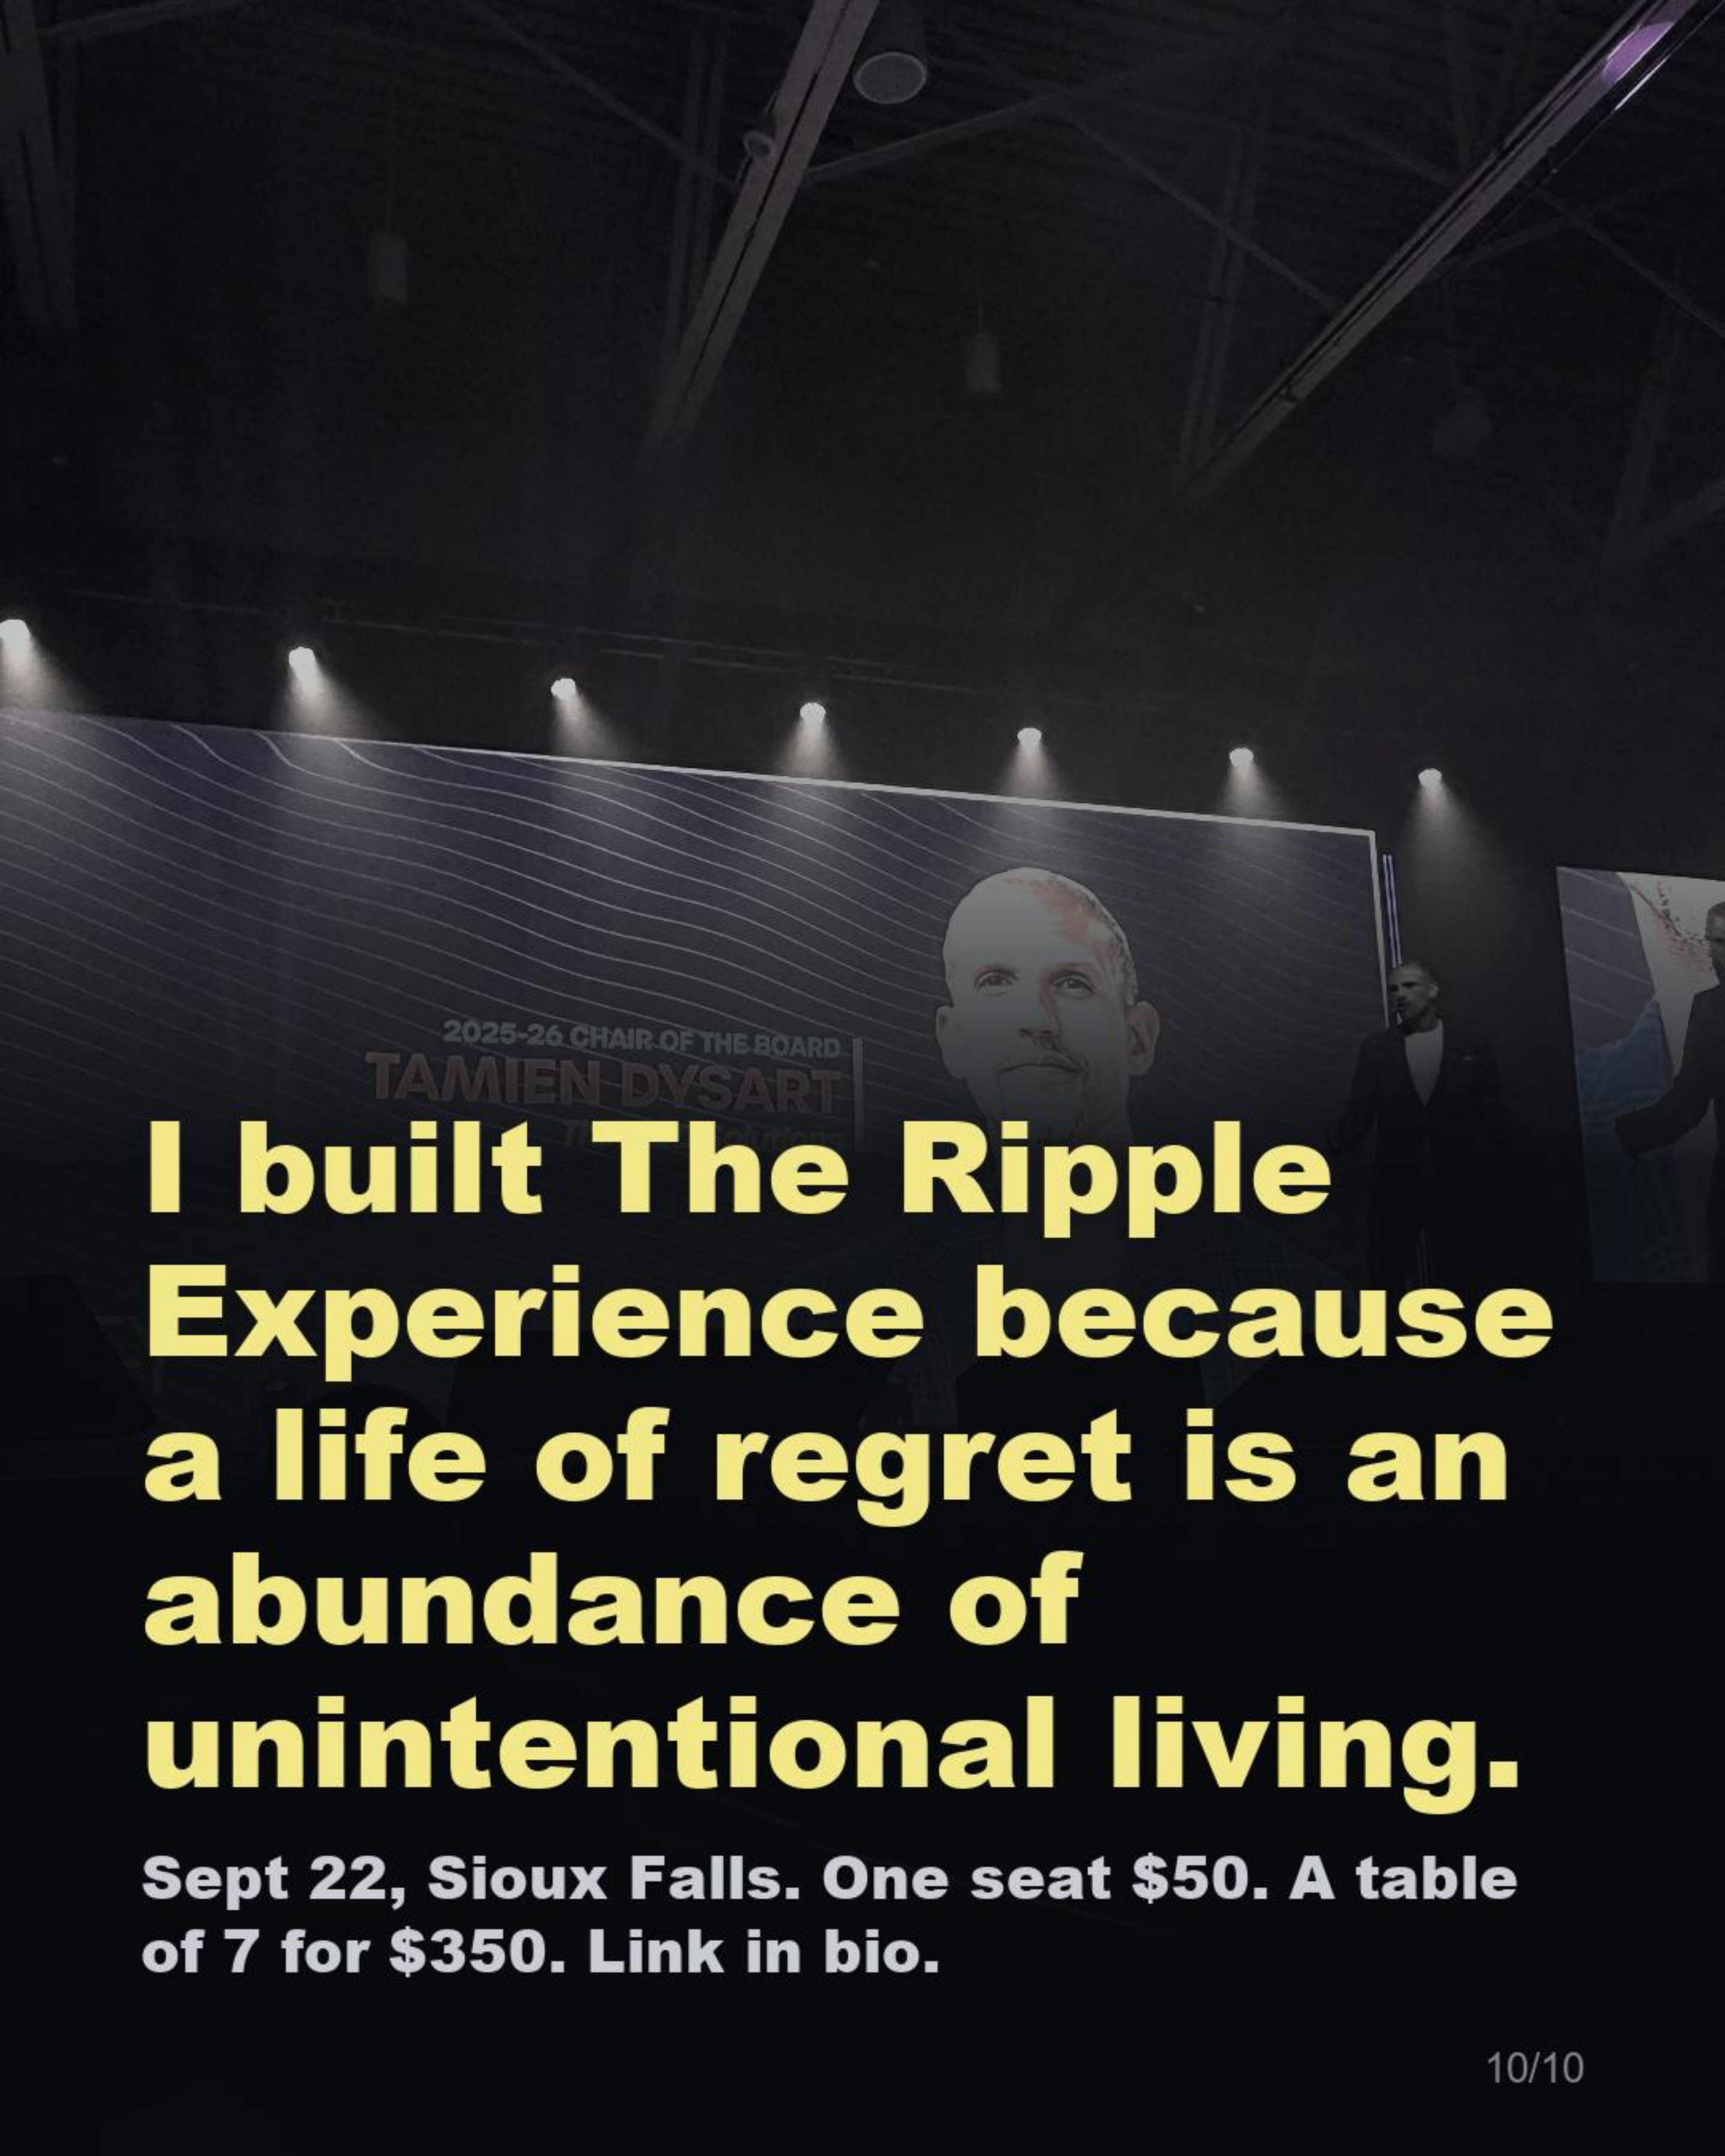

**Maybe life isn't
happening to you.
You've just been
defaulting and
calling it deciding.**

**You don't need to
add anything. You
need to stop letting
the calendar decide
who you are.**

When your kids describe the life you're living, is it one they'd want?

**I built The Ripple
Experience because
a life of regret is an
abundance of
unintentional living.**
